Welcome to the SBPIN Continuation Workshop

February 5 – 7th, 2019, at Skåne Association of Local Authorities (Kommunförbundet Skåne), Lund, Sweden

The project SBPIN (South Baltic Public Innovators Network) aims to prepare local actors to participate more actively in cross-border networks and projects.

The project focuses on:

- Blue growth
- Green growth
- Inclusive growth

Target groups

The primary target group for this continuation workshop is participants from previous workshops, but we also welcome new participants who are interested in cooperation within our focus areas.

The participants can be: Officials and politicians in public administration working with Blue Growth, Green Growth and Inclusive Growth and/or the identified challenges in the municipalities in Northeastern Skåne (Sweden), Køge (Denmark), Naestved (Denmark) and municipalities associated with the Association of Polish Communes of Euroregion Baltic (Poland). EU-coordinators, international strategists and developers working with cross-border network and cooperation in the above mentioned municipalities.

Umbrella project gives you the opportunity to “Rent-an-Expert”!

How does it work?

A pre-selected Expert will support you in assessing and developing a complete project application in your organisation:

- Providing information on application procedure
- Tailoring project ideas
- Helping to find partners
- Developing part of the application- Budget
- Developing part of the application- Description of the activities
